About Us

AZE TRADE INTERNATIONAL LLC : **Your Trusted Partner in Connecting Buyers and Sellers**

AZE TRADE INTERNATIONAL LLC is an independent trading group specializing in facilitating connections between sellers and buyers (suppliers and clients). Our expertise spans soft commodities (rice, sugar, coffee, cocoa), hard commodities (gold, copper cathode, lithium, coltan, oil), and extends to services, automotive equipment, heavy machinery, and agricultural machinery worldwide. We are deeply involved in international trade, petrochemicals, chemicals, petroleum products, fertilizers, car merchandising, and raw materials, offering custom solutions tailored to our clients' needs.

As intermediaries, our core role is advisory. With extensive knowledge of international trade and financial markets—including forex, commodities, stocks, bonds, stock indices, and cryptocurrencies—and a dedicated team of market experts, we continuously monitor trends and developments to provide technical support and financial engineering for all types of international transactions. We facilitate commercial connections between suppliers and clients, offering guidance and streamlining procedures and payment methods in secure and profitable ways.

Our commitment is particularly strong on the African continent, where we work to connect top African suppliers and clients with counterparts worldwide, regardless of industry. Our professional teams and international network have developed innovative strategies to reassure and secure both clients and buyers throughout the commercial process. Additionally, we offer risk-hedging mechanisms to protect against price fluctuations in the physical products market.

AZE Trade International LLC is dedicated to providing tailor-made solutions for all your requests, no matter how specific, wherever you are in the world. Our passion, commitment, and extensive knowledge of international trade and financial markets make us trustworthy partners.

Our motto: "Finding solutions to import-export challenges in Africa and around the world!"

Car Merchandising

AZE Trade International, we recognize the automotive industry as a dynamic and competitive sector, Therefore, automotive businesses require effective car merchandising strategies to distinguish themselves in a crowded marketplace, That's why we offer specialized Car Merchandising services aimed at showcasing your vehicles in the best possible light, Our services are designed not only to elevate your brand image but also to drive sales to new heights,

We begin by focusing on enhancing the visual appeal of your vehicles, ensuring they look their absolute best, Utilizing various techniques, we highlight the unique features of each car, making them more attractive to potential buyers and enhancing your inventory's appeal, Moreover, our dedicated team ensures that every vehicle is presented in an appealing manner, both in person and online.

Agricultural machinery

Agricultural machinery is an integral part of modern agriculture, It helps farmers speed up the process of planting, harvesting and other agricultural tasks, There are a wide variety of agricultural machines on the market, and each of them has specific uses.

Thanks to our distribution network, we offer equipment such as tractors, combine harvesters, seeders, harrow discs, etc.

Our experts are available 5/7 to provide you with reliable technical advice for the acquisition of suitable agricultural materials and equipment.

In addition to providing you with reliable technical advice, we can provide you with technicians for after-sales service, qualified operators, and of course experts for training your work teams.

Heavy Equipments

We offer a full range of trucks and heavy equipment.

for all your needs for trucks and public works equipment, our experts will be happy to make you proposals adapted to your needs according to your budget.
